THE WHITE HOUSE  
WASHINGTON

February 1, 1980

Mr. President:

Frank Stanton just telephoned me to say he has some critical information from "a respected colleague" which he is authorized to pass only to you. All he would tell me is that it is about Afghanistan. I asked if Cy could call instead, and he said he was not authorized to talk to Cy until he has spoken to you. His telephone number is 212 427 4343.
